Executive Summary

Global Peace and Logistics Services (G.P.L.S) is a 100 % Afghan owned company with headquarters in Kabul, Afghanistan and a regional office in Ajman, UAE. We are registered with the Afghanistan Investment Support Agency (AISA) in Kabul and with the Ministry of Commerce in the UAE.

Working since 2006, we have always been passionate about building long-term relationships. We treat our clients like family, all with respect, honesty and integrity such as a long-term relationship entails.

We provide Facility Service Solutions (FSS), including turn-key facility services, remote site support services, construction, distribution and logistical solutions designed to meet the diverse needs of the today's demanding business environment. No matter how small or large the project is, G.P.L.S. has the resources to ensure high quality solutions any time, even on short notice.

G.P.L.S possesses perhaps the most qualified international and local, personnel and business partners in the Facility Services Solutions industry today with over 150 years of combined experience.

As an experienced outsourcing firm, G.P.L.S is very familiar with all types of services available in the facility services solutions, remote site support services, construction, distribution and logistics industry, and we know how to make the best use of them. We are result-driven, we have a passion for excellence, and we are proud of the reputation we have earned and the recommendations we have received.

The combination of quality service and local competitive pricing is a clear advantage for your organization no matter how large or small the requirements.

Letter of Reference

AMEC is one of the world's leading engineering, project management and consultancy companies. AMEC was awarded a multi-million dollar project to build the Afghan National Defense University by AFCEE. During this 4 year project (Oct. 2008 – Feb. 2012) AMEC maintained a life support area housing 20 – 30 expatriate staff, security and AFCEE representatives. Global Peace and Logistics (G.P.L.S.) provided full life support services consisting of cleaning and maintenance for housing and office complex, laundry service, DFAC facility, vehicle lease and maintenance, waster removal, generator maintenance and fuel supply, procurement of misc supplies as requested and other services as requested.

We would like to thank G.P.L.S for the great cooperation and the many times when the staff went the extra step to produce a fantastic holiday meal or help out in critical situations.

AMEC likes to emphasize the excellent work that G.P.L.S has provided. In the period GPLS worked on the AMEC base in Kabul, G.P.L.S and their employees have shown highest commitment and dedication to solve problems.

G.P.L.S has always been honest and straight forward with us and I recommend G.P.L.S to anyone who needs quality work accomplished.

Furthermore, we would like to thank them for the successful cooperation.

We are looking forward to working with G.P.L.S in the future.

Sincerely,

Claire Hackett

To who in may concern

GPLS have now been doing the life support for G4S in Anjuman Base removing all brown waste and dry rubbish for the last 11 months; they have taken over this role since we removed RA International from doing this task for us.

I can say that I have never seen a more professional organization in Afghanistan that provide the service they do, always helpful and on call if we have any problems 24/7, they will replace any equipment that is broken that day or within 24hrs.

I would recommend them to any firm that require this task to be carried out on their premises.
